

Water Water Everywhere

Integrating The Land Use
and Water Quality Connection

G. Patrick Stoner
Local Government Commission
January 26, 2006

“The biggest influence on future water
supplies and quality in California is local
land use planning.”

Celeste Cantú, Executive Director
California State Water Resources Control Board

Where we grow and how we grow

Where we grow and how we grow

Where we grow and how we grow

Where we grow and how we grow

Where we grow and how we grow

Where we grow and how we grow

Where we grow and how we grow

Where we grow and how we grow

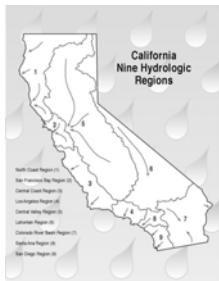

Where we grow and how we grow

Where we grow and how we grow

We can do better

We can do better
