Health Centers: Affordable Care Act 

- The Affordable Care Act provides \$11 billion in funding over the next 5 years for the operation, expansion, and construction of health centers throughout the Nation.
- \$9.5 billion is targeted to:
 - Create new health center sites in medically underserved areas.
 - Expand preventive and primary health care services, including oral health, behavioral health, pharmacy, and/or enabling services, at existing health center sites.
- \$1.5 billion will support major construction and renovation projects at community health centers nationwide.
- This increased funding will enable health centers to nearly double the number of patients seen.

6

FY 2011 Funding Opportunities 

- \$250 million to continue New Access Points and Increased Demand for Services funding initiated under the Recovery Act (President's FY 2011 Budget Request)
